14A Ralston Street WEST END QLD

Tucked away in a tranquil rear setting, this delightful property is definitely not your run of the mill character home. Bursting with individuality, it also has the pedigree of architectural elegance thanks to her original character being honoured during her renovation. Her exterior is timeless, while inside a truly unique ambience has been cast. Space is this homes' strongest asset with two enormous bedrooms downstairs centred with separate living that flows to tranquil pool and entertaining. Duality in living is revealed via internal stairs with the grandest of lounges being centre stage. The master bedroom is cleverly configured with ensuite and walk-in louvred robe. Additional bedrooms are serviced with veranda living and Castle Hill views. This home is a rare find; intimate but family focused, all within moments to the City and walking tracks. Our vendor has issued firm instructions that after several happy years it's now time to move on to the next
