48 Bamboo Crescent Mount Louisa QLD

4 2 2

This home really does have everything the discerning buyer could imagine. As with all good designed houses the kitchen is the heart of the home and this one certainly fits the bill. The open plan and high ceilings in the Family/dining area looking out through the extensive glass sliding doors that lead out to the entertaining area beside the pool gives you the feeling of space, along with the formal lounge there's plenty of room for everyone. This modern energy efficient home has solar hot-water, power and pool heating. The 3 bay shed is powered with a home office/teenager retreat and with side access there's even a high carport to put a caravan or boat. To finish it all off there's even a cubby house. This property will be popular with buyers and will sell quickly so make sure you make it to the open this weekend.
